President's Message

Adversity often finds us when we least expect it. Any ordinary day could become a day of devastation, strain and disaster. And, it could happen to any one of us. At any time.

As pharmacists we are used to being the ones sought out in a time of need. We're used to being there for the people around us—ready with advice, personal care and solutions. But, what happens when we are the one faced with an unexpected challenge? What happens when we need someone to look out for us?

That is when we must rely on each other.

The past 12 months were a tough time for our pharmacy community. Pharmacies throughout the Midwest dealt with a series of damaging tornadoes, and our friends in New York and New Jersey were devastated by the aftermath of Superstorm Sandy. Some pharmacists were even forced to fill prescriptions by candlelight in order to continue providing service.

The NCPA Foundation's mission is to preserve the legacy of independent pharmacy. We have done our best to provide funds to pharmacies in need. However, despite our best efforts, it has not been enough. This has been one of our most taxing years to date—our emergency support fund is completely depleted, and we have been forced to turn needy pharmacies away.

It is a time when we must come together. We must rally to support our colleagues and offer help where we can. **If you'd like to make a donation to our disaster relief fund, please visit www.ncpafoundation.org.** Above all else, this is where we need your help right now.

However, despite all of this tragedy, the past year has also been a year of promise. We continue to see more and more interest in independent pharmacy—often inspired by the Good Neighbor Pharmacy NCPA Pruitt-Schutte Student Business Plan Competition.

As University of Denver pharmacy student Lucas Smith explains: "NCPA puts on great programming for students to develop their business sense, which you don't really get in pharmacy school. I was on the team that got 5th overall in the business plan competition this year. That competition in itself has helped me learn how to develop a business plan and run a business."

The work we are doing is making a difference.

I see a future full of inspired new pharmacy owners, a future where every community is supported by a caring pharmacy, and a future where we can continue to lean on each other in times of need.

Together, we can make that happen.

In partnership,

A handwritten signature in black ink that reads "Sharlea M. Leatherwood".

Sharlea Leatherwood, PD
President, NCPA Foundation

Mission

Community Outreach

Disaster Relief

Helping pharmacists in need has been one of the NCPA Foundation's most important roles this year. By continually building our Disaster Relief Fund, we pride ourselves on being readily available to help those afflicted by natural disasters and other difficulties when it really matters.

Over the past year, the foundation provided over \$50,000 in disaster aid to help independent pharmacies in New Jersey and New York recover from the devastation of Superstorm Sandy.

Make a donation today!

Please visit the donation page at www.ncpafoundation.org to help us rebuild the reserve for disaster funding.

WHERE LEUKEMIA MEETS ITS MATCH

Bone Marrow Donor Drive

An estimated 140,000 people in the United States will be diagnosed with leukemia, lymphoma or myeloma every year and will require treatment with bone marrow transplants. Since 2009, more than 1,500 individuals have been added to the National Bone Marrow Registry from donor drives conducted at independent pharmacies across the country. This health initiative is coordinated by the NCPA Foundation and DKMS Americas, the largest and most experienced bone marrow donor drive center in the world.

If you are interested in hosting a bone marrow drive, please email ncpaF@ncpanet.org or call 703-838-2653 for more information.

"On behalf of Kings Pharmacy, I would like to thank the NCPA Foundation for helping out a small community pharmacy such as ourselves. As you're probably aware Long Beach was devastated in the wake of Sandy. The damage was unthinkable at the time, but we're slowly on the road to recovery and doing what we can to help our customers during this difficult time. Your contribution gives hope that there are associations . . . that are willing to do what they can to help restore our communities back to normalcy."

2012 Partners in Pharmacy/NCPA Foundation
Scholarship Recipient

Independent pharmacy is rooted in Holly's past. After working at a downtown drugstore, the closeness of the employees with the patients left an impression. Her dream is to return to a place like that.

With support from the NCPA Foundation, Holly is pursuing her education to achieve that vision. NCPA's voice in the legislature is helping to ensure that Holly will have a voice in her profession as a pharmacist.

"To me, independent pharmacy is home, it's what I love. NCPA is helping me achieve my dream of having a voice in independent pharmacy."

Business Plan Competition

Steps toward pharmacy ownership

Good Neighbor Pharmacy NCPA Pruitt-Schutte Student Business Plan Competition

In 2004, the National Community Pharmacists Association and NCPA Foundation established the Good Neighbor Pharmacy NCPA Pruitt-Schutte Student Business Plan Competition. Their goal was to plant seeds in the minds of pharmacy students to start their own businesses. The competition is named to honor two great champions of independent pharmacy: Neil Pruitt, Sr. and H. Joseph Schutte.

2012 Business Plan Competition winner: University of Arkansas with foundation trustees Charles West and Sharlea Leatherwood

Competitors are required to present their business plans during the NCPA Annual Convention in front of a live audience, and the judging panel is comprised of pharmacy owners and finance leaders. Teams are judged for both their written and live presentation. The top finalists and winning team are recognized at the NCPA Foundation's Award Ceremony during the NCPA Annual Convention. Several former participants of the business plan completion are pharmacy owners today, and that trend continues!

The 2012 top finalist teams were:

University of Arkansas
Team captain: Brandyn England
Tyler Shinabery
Kevin Barton
Blake Johnson
Team advisor: Schwanda Flowers
Dean: Stephanie Gardner, PharmD, EdD

University of Kentucky
