INTRODUCING THE

Pharmacy Disaster Support Center

ENROLL TODAY!

Independent community pharmacy owners now have a new integrated resource for consolidating their disaster preparedness, response, and recovery procedures. This integration will result in a **faster business recovery after calamity strikes**.

The Pharmacy Disaster Support Center was created with the goal of helping pharmacy owners minimize business interruption from a natural disaster or other adverse event. The center is supported by the National Community Pharmacists Association Foundation and Pharmacists Mutual Insurance Company.

Why participate?

Enrollees of the Pharmacy Disaster Support Center will benefit from a streamlined communication process during the chaotic aftermath of a calamity and appreciate having a centralized hub for insurance and vendor contacts. What's more, the non-financial business data collected during the enrollment process will help in the coordination of assistance that's specific to your *unique* business operation needs.

Are you open for business?

Should we come to work today?

Can my business bounce back?

These are some of the questions your customers, employees, and you will ask if the unthinkable happens. We want you to plan ahead so you can respond: **"Yes, Yes, Yes!"**

Visit www.rxdisaster.com, email ncpaF@ncpanet.org, or call **844-811-2345** for more details about this exciting new program designed for owners aiming to strengthen their business-continuity procedures.

“Having used student loans for the past seven years for my undergraduate studies and pharmacy school, I wanted to reduce the amount of loans taken out for my final year of school. Rising tuition costs were not making that easy for me. Receiving a scholarship from the NCPA Foundation greatly helped to alleviate the financial stress and allowed me to focus more on my rotations. I am grateful to the NCPA Foundation for supporting me while I pursue my degree in pharmacy. It is very fulfilling to have my hard work as a NCPA student member be recognized.”

The National Community Pharmacists Association Foundation preserves the legacy of independent pharmacy through scholarships to NCPA student members, programs that encourage independent pharmacy ownership, research that enhances patient care, community health awareness programs, and disaster aid to community pharmacy owners.
